ACLC COLLEGE OF MABALACAT
2012-2014

EXPERTISE

C#	ASP.NET
HTML	CSS
JAVASCRIPT	BOOTSTRAP
PHOTOSHOP	SQL

PROFILE

Hello there! I'm Laude Francois Espiritu and I do software development and front end design, focused on delivering quality user interfaces and experiences. After graduating at AMA Computer Learning Center, I got into Yokohama Tire Philippines Inc. and have been a part of their MIS Team for over three years. Creating products that are useful, great visual design and representations, and with the best user experience is my career goal.

EXPERIENCE

JUNIOR SOFTWARE DEVELOPER
YOKOHAMA TIRE PHILS. INC.

2018 - 2020

Software design and development using .NET Framework (C# and ASP.NET) and Oracle Database. Conducting technical analysis and planning for client's software requirements. Creation of project's software documentations. Providing support for in-house, outsourced, and production related software applications.

JUNIOR SYSTEMS ENGINEER
YOKOHAMA TIRE PHILS. INC.

2017 - 2018

Main tasks were deployment, maintenance, and troubleshooting of IT devices inside tire production area and providing technical support for hardware and application softwares (in-house and production related programs).

INTERNSHIP
ERA 1216 ENTERPRISE

2015 - 2016

Maintenance and troubleshooting of desktop computers such as: installation of operating systems, software applications, and providing overall technical support.
